**TO EXECUTE THE DECLARATION AND OATH**

Pursuant to 37 CFR 1.47, counsel for the inventors makes the above-identified

1. On January 23, 2002, the Patent Office mailed a Notice To File Missing  
Parts of Nonprovisional Application filed under 37 CFR 1.53(b).
2. As of today's date, all of the necessary Declaration and Oath documents  
have been executed by co-inventors Michael D. Kane and Aaron C. Nagel, but not by co-  
inventor Alan A. Dombkowski.
3. As of today's date, all remaining issues raised in the Notice to File Missing  
Parts have been addressed.
4. At the time that the above-identified application was filed, Genomic  
Solutions, Inc. employed all three co-inventors, including Dr. Dombkowski. Sometime

5. As set forth in the attached sworn Declaration under 37 C.F.R. § 1.47 of signing co-inventor Dr. Michael D. Kane, which is hereby incorporated in this Petition, Dr. Dombkowski has refused repeatedly to sign any Declaration and Oath for the pending application. Dr. Dombkowski's last known residence address is 7300 Chichester, Canton, Michigan 48187.

6. 37 CFR 1.47(a) notes that if a joint inventor refuses to join in an application for patent or cannot be found or reached after diligent effort, the application may be made by the other inventor on behalf of himself or herself and the non-signing inventor. It is respectfully submitted that with the submission of Declaration and Oath documents from all of the other inventors, the application for patent has been appropriately made by the other inventors. Further, in view of the facts noted in the attached affidavit, it is respectfully submitted that diligent and *bona fide* effort has been made to provide the non-signing inventor with the necessary documents for signature.

Therefore, in view of the foregoing statements and accompanying Declaration of co-inventor Dr. Michael D. Kane, it is respectfully submitted that a proper showing has been made pursuant to 37 CFR 1.47 to address the Notice to File Missing Parts.

Respectfully submitted,
